ABOUT

Blaqnem is an independent Nigerian rapper and songwriter from Gwagwalada, Abuja, active since 2020. His sound moves between Hip-Hop, Rap, Afrodrill and Afrobeats, shaped by influences including Stormzy, Dave, Burna Boy, Damian Marley and Eminem.

THE CONNECTION

“Thank God I'm not the only one.” Blaqnem wants listeners to hear themselves in his music and feel less alone. His songs explore struggle, heartbreak, ambition, survival and growth from a personal perspective.

THE JOURNEY

Blaqnem has built his catalogue independently from the ground up, including saving ₦2,000 every day to help fund his music. His five singles and Genesis EP have helped him develop a growing listener base, with supporters connecting with his music across Abuja, Lagos, Port Harcourt and Edo.
